**Subject:** Follow-up & Action Items from Data Management Team Presentation  
**Attachments:** DMT Menu of Services-final.pdf; Site Status - Historical-Inactive-Active 17may17.xlsx

Thanks for attending our presentation yesterday afternoon on the Data Management Team's progress. We hope the presentation was informative and if you have any questions, thoughts or suggestions, we are available anytime.

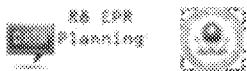

As mentioned during the presentation, we have two follow-up items to share with you:

1. Attached Menu of Services – please share with your staff and have them contact us if they need assistance
2. Determining Historical, Inactive or Active Status - Attached is the list of the sites we have in our 'universe' database. If you could help us determine the status of each site, it would allow us to focus on the sites that require data monitoring and reviews and better serve the RPMs. To edit the spreadsheet, just click on the top "Enable Editing" button. Let us know if you questions or need clarification.

All our best,

*Christine Vigil*
